Throw your numbers

...5, 4, 3, 2, 1, 0 Blast off!

Build a rocket to send to space. Follow the countdown to choose the right bricks.

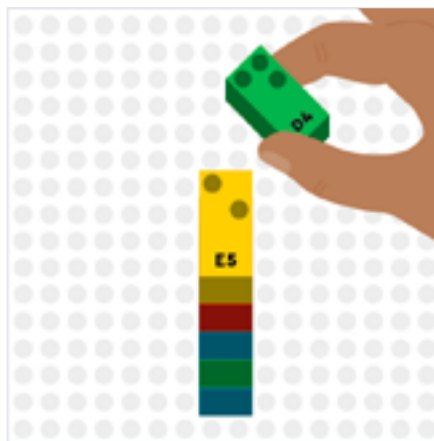

Goals

To identify and to write numbers 0 to 9, in ascending and descending order.

The adult prepares

- 1 baseplate with a number-sign brick
- 10 number bricks (0 to 9) in a bowl

The children play

- 1 The child builds a rocket with all the bricks, starting with number 9.

Each brick must represent the number below the previous one.

- 2 When the 0 brick is placed, launch the rocket!

Facilitation tips

- Explain what a countdown is.
- To make it easier, pre-build the base of the rocket with the first two bricks (9 and 8).
